And soon Framboise will realize that the journal also contains the key to the tragedy that indelibly marked that summer of her ninth year. . . .

Growing up, these three goddaughters from different backgrounds came together each summer at Chateau Laveau. As adults, the cottage is a place this trio of successful yet very different women go to escape, to slow down from their hectic lives, share private time with Ama, and enjoy the gorgeous weather, cool water, and stunning views Oak Bluffs offers. This summer on the Bluffs, however, will be different. An era is ending: Ama, now nearing seventy-one, is moving to the south of France to reunite with her college sweetheart. She has invited Perry, Olivia, and Billie to spend one last golden summer together with her the way they did when they were kids. And when fall comes, she is going to give the house to one of them. This narrative history of minor league football teams in Connecticut in the 1960s and 1970s is based on extensive newspaper and periodical research and interviews with nearly 70 former players, broadcasters and journalists. Only a few players!like Marv Hubbard, Lou Piccone and Bob Tucker!made it to the NFL, but many more played for as little as \$25 per game in their quest to make it big or just have fun. Wealthy men like Pete Savin and Frank DiAddario owned teams in Hartford and Bridgeport. In the days before cable television saturated the media with live sports, small town fans turned out to support their local heroes, often men who worked on construction crews during the week and stopped by the diner Sunday morning to talk football. Now in their 60s, 70s and 80s, these men share their stories of a simpler era; the good times, like the Hartford Knights' 1968 ACFL championship season, and the long bus rides and missed paydayts that were as much a part of minor league ball as first downs and interceptions.

From four stunning and accomplished French women!at last!a fresh and spirited take on what it really means to be a Parisienne: how they dress, entertain, have fun and attempt to behave themselves. In short, frisky sections, these Parisian women give you their very original views on style, beauty, culture, attitude and men. The authors!Anne Berest, Audrey Diwan, Caroline de Maigret, and Sophie Mas!unmarried but attached, with children!have been friends for years. Talented bohemian iconoclasts with careers in the worlds of music, film, fashion and publishing, they are untypically frank and outspoken as they debunk the myths about what it means to be a French woman today. Letting you in on their secrets and flaws, they also make fun of their complicated, often contradictory feelings and behavior. They admit to being snobs, a bit self-centered, unpredictable but not unreliable. Bossy and opinionated, they are also tender and romantic. You will be taken on a first date, to a party, to some favorite haunts in Paris, to the countryside, and to one of their dinners at home with recipes even you could do -- but to be out with them is to be in for some mischief and surprises. They will tell you how to be mysterious and sensual, look natural, make your boyfriend jealous, and how they feel about children, weddings and going to the gym. And they will share their address book in Paris for where to go: At the End of the Night, for A Birthday, for A Smart Date, A Hangover, for Vintage Finds and much more. How to Be Parisian Wherever You Are will make you laugh as you slip into their shoes to become bold and free and tap into your inner cool.

In his first work of narrative nonfiction, Matthew Pearl, bestselling author of acclaimed novel The Dante Club, explores the little-known true story of the kidnapping of legendary pioneer Daniel Boone's daughter and the dramatic aftermath that rippled across the nation. On a quiet midsummer day in 1776, weeks after the signing of the Declaration of Independence, thirteen-year-old Jemima Boone and her friends Betsy and Fanny Callaway disappear near the Kentucky settlement of Boonesboro, the echoes of their faraway screams lingering on the air. A Cherokee-Shawnee raiding party has taken the girls as the latest salvo in the blood feud between American Indians and the colonial settlers who have decimated native lands and resources. Hanging Maw, the raiders' leader, recognizes one of the captives as Jemima Boone, daughter of Kentucky's most influential pioneers, and realizes she could be a valuable pawn in the battle to drive the colonists out of the contested Kentucky territory for good. With Daniel Boone and his posse in pursuit, Hanging Maw devises a plan that could ultimately bring greater peace both to the tribes and the colonists. But after the girls find clever ways to create a trail of clues, the raiding party is ambushed by Boone and the rescuers in a battle with reverberations that nobody could predict. As Matthew Pearl reveals, the exciting story of Jemima Boone's kidnapping vividly illuminates the early days of America's westward expansion, and the violent and tragic clashes across cultural lines that ensue. In this enthralling narrative in the tradition of Candice Millard and David Grann, Matthew Pearl unearths a forgotten and dramatic series of events from early in the Revolutionary War that opens a window into America's transition from colony to nation, with the heavy moral costs incurred amid shocking new alliances and betrayals.

-We spent a lifetime chasing firefly dreams- Jaxson and I devised a life list when we were kids in Holmes Chapel. Just a few things on that list: * Climb the Eiffel Tower. * Visit every zoo in the world. * Eat peanut butter every day. But all the promises he made dissolved into dust, so when he comes around years later wanting to go live out our list, I want no part of it...or him. The universe seems to agree with me because everything we try is a disaster. The heart thought!it's a tricky beast; I'm just not sure mine is strong enough to survive Jaxson one more time. Photojournalist Noah Bennett has been running from himself forever. Covering war zones around the world has kept him away from his mistakes and, more important, from Sophie Rousseau, his high school sweetheart. But he's never forgotten her. He's returned to idyllic Mirabelle Island to heal, to finish his latest book!and to face Sophie again. Months after Noah escaped the island for college, Sophie married his older brother. In Sweden, hundreds of refugee children fall into a state that resembles sleep for months or years at a time. In Le Roy, a town in upstate New York, teenage girls develop involuntary twitches and seizures that spread like a contagion. In the U.S. Embassy in Cuba, employees experience headaches and memory loss after hearing strange noises during the night. These are only a few of the many suspected culture-bound psychosomatic syndromes!specific sets of symptoms that exist in a particular culture or environment!that affect people throughout the world. In The Sleeping Beauties, Dr. Suzanne O'Sullivan'an award-winning Irish neurologist!investigates psychosomatic disorders, traveling the world to visit communities suffering from these so-called mystery illnesses. From a derelict post-Soviet mining town in Kazakhstan to the Mosquito Coast of Nicaragua to the heart of the Maria Mountains in Colombia, O'Sullivan records the remarkable stories of syndromes related to her by people from all walks of life. Riveting and often distressing, these case studies are recounted with compassion and humanity. In examining the complexity of psychogenic illness, O'Sullivan has written a book of both fascination and serious concern as these syndromes continue to proliferate around the globe.
