Why do women swing? In a frank and fascinating exposé of female involvement in the swinging scene, Ashley Lister sets out to find answers to this tantalizing question. Through painstaking research and countless interviews, he reveals the sometimes shocking attitudes and secret lives of those women at the forefront of today's recreational sex scene. This is the first ever book devoted exclusively to female swingers and includes candid confessions from a wide spectrum of women, from young party-loving students to outwardly conservative middle-aged professionals. It provides a comprehensive and up-to-the-minute survey of the contemporary swinging scene and a remarkable insight into modern female sexuality.

In Joy's continuing journey of discovery, she finds that the more open she is to sex with other women, the more opportunities that present themselves. She delights in the warm, sensual softness of other women's bodies and finds herself just as eager to please her female partners as they are to please her. It was also clear to her that, in the Swinging Lifestyle - which she has totally embraced, women enjoying women is not only accepted, but encouraged. At first she thought that her husband, Steve, and any other male partners she had been with, might be threatened by her newfound attraction to women. She needn't have worried. Apparently observing, or interacting, with women enjoying each other is a real turn-on for men. The men enjoyed being voyeurs, enjoyed assisting and enjoyed being invited to join in. So, Joy felt it was a win-win situation for her and Steve, and applied her newly discovered desires fervently. In this book, Joy recounts an evening with two other couples that she likes to refer to as a Threesome - Times Two!, as well as a visit to a Swingers resort in Texas where they meet another very willing and enthusiast couple.

Chuck Palahniuk's world has always been, well, different from yours and mine. In his first collection of nonfiction, Chuck Palahniuk brings us into this world, and gives us a glimpse of what inspires his fiction. At the Rock Creek Lodge Testicle Festival in Missoula, Montana, average people perform public sex acts on an outdoor stage. In a mansion once occupied by The Rolling Stones, Marilyn Manson reads his own Tarot cards and talks sweetly to his beautiful actress girlfriend. Across the country, men build their own full-size castles and rocketships that will send them into space. Palahniuk himself experiments with steroids, works on an assembly line by day and as a hospice volunteer by night, and experiences the brutal murder of his father by a white supremacist. With this new direction, Chuck Palahniuk has proven he can do anything. BONUS: This ebook edition includes an excerpt from Chuck Palahniuk's Doomed.

A sports hero seeks a comeback in this wildly funny and ultimately redemptive novel. His name, as we all know, is Herbert X. "Tree" Tremont, and he's the richest and most celebrated athlete of our time—a multicultural golfing icon with fifty-three Tour wins, thirteen major victories, a smoking hot wife, and two adorable kids. But when a reporter uncovers evidence that Tree's sexual appetites are as prodigious as his tee shots, his public and private lives collide, producing the juiciest scandal in sports history. In this wickedly funny novel that takes readers between the ropes and the sheets of the PGA Tour as never before, the only thing more entertaining than Tree's downfall is his quest for redemption.
