In early 2000 the bottom dropped out of the life of writer David Denby when his wife decided to leave him. Propelled to make some money quickly, and seized by the 'irrational exuberance' of the stock market, then approaching its peak, Denby enthusiastically joined the investment frenzy. Over the next few months he listened raptly to bullish stock analysts, dreamy hi-tech gurus and boastful heads of companies. He plunged into a season of mania and was swept forward on currents of hope, greed and hucksterism - with cataclysmic results. American Sucker is a mesmerising account of those years of madness. What begins as a money chase and an engagement with rampant capitalism soon becomes an encounter with such timeless issues as love, envy, true value - and life and death itself. This is a classic tale of the bubble related not by a market guru or an investment professional but by a witty, perceptive and eloquent outsider.

In more than sixty brilliantly written short sketches, one of America's most respected investment writers captures his hard-won experience -- in markets ranging from the unstoppable -- and offers his distinctive and authoritative insights into the theory, practice, and psychology of investing for fun and profit. His dramatic behind-the-scenes depictions of the volatile mixture of people, money, insight, and luck in the real world is an easily accessible, entertaining, and literally invaluable way for readers to acquire a lifetime of proven investment wisdom under the cover of a great reading experience.

Following hot the heels of his best seller, Money Number One, Neil Hutchison continues his in-depth investigation into the tourist playground of Pattaya. This collection of short stories, originally published individually under the pseudonym 'A Fool in Paradise', form a collage of insights into the machinations of this fantastic city on the eastern seaboard of Thailand. Anyone who has read Money Number One will enjoy this follow-up book as it reinforces the conclusions drawn and advice presented in the former through the personal experiences of the author. The tales are fast-paced, humourous, well written and ALL TRUE. Well, almost. Sir Winston Churchill quipped that "Success consists of going from failure to failure without loss of enthusiasm." If that is true, then Neil is a success story because his love and enthusiasm for Pattaya and its people has not diminished over the years. The highs, lows, ups, downs, laughter and tears portray a convincing analysis of the human condition. As Neil says, "Pattaya is to a writer what a room full of fruit bowls is to an artist." The last story, 'Footprints in the Sand', is a particularly poignant tale of just how the city can affect its visitors and guests, even those who should know better. Written with his heart firmly on his sleeve, it proves that no matter how smart we think we are or how old we get, we just never learn. This tale is a 'must read' for any foreign male contemplating a long-term liaison with a Thai Lady.
