Alfa Romeo Duetto Manual - test.enableps.com

The Duetto is likely to be launched to coincide with Alfa Romeo's centenary in 2010 and will probably share all the same engines and running gear with the Junior and 149. The Duetto is unlikely to get the smaller engines in the UK and so I would expect to see 1.8JTB engine with 184 bhp and a 230 bhp variant and they may well throw in one or two diesel engines. There is also likely to be a ...

Martin enjoyed his Duetto to the full until he passed away in 2011 and the car stands testament to him and his passion and desire to own the most perfect car. On his death Martin's widow passed the car on to it's last owner who has kept the car in great order. A true enthusiast, the Duetto sat next to his 1968 1750 Veloce Spider within his collection of cars. It is only available today, as his ...

Ten years have passed since the original edition of this book was published, but Alfa Romeo enthusiasts everywhere are more active today than ever in preserving, modifying and racing these excellent cars. Throughout this time, the author in true Alfista fashion, never stopped looking for and trying new techniques to increase the power, overall performance and reliability of Alfas and their engines. This book is the result of much research, and also first-hand experience gained through many Alfa rear wheel drive model projects, from the 105 series to the last of the 75 models. There is a lot of completely new information regarding TwinSpark Cylinder head mods, big-brake mods, LSD adjustment procedure, electrical system improvements, plus many flow-bench diagrams, dyno plots, and much more.

Ant Anstead's Building a Special brings the Haynes story full circle, coming 61 years after the original Building a 750 Special was written by John Haynes, Haynes Publishing's founder, when he was still a schoolboy. This book is a TV tie-in, following the 12-part TV series Ant Anstead Master Mechanic, aired on Motor Trend, part of the Discover Network in the US and UK, following Ant Anstead's build of his own-design 'special' car, taking inspiration from the Alfa 158 - the first World Championship-winning F1 car, which raced from the 1930s until the 1950s. The 12-part TV series followed Ant's build of the car, from the first design ideas, through the construction, culminating in the debut of the car during the 2019 US Grand Prix weekend in Austin, Texas. The book follows Ant's personal build of the car, from the selection of the donor MG TD for the chassis, and Alfa Romeo Spider for the engine and gearbox, through modifying the chassis, building the suspension, steering, brakes, bodywork and interior, and putting all the components together to produce a finished one-off 'special.' Content includes: Introduction The history of specials Planning Donor car Chassis, suspension, steering, rear axle Engine, fuel system, cooling system, ancillaries, exhaust Gearbox Bodywork Braking system Cockpit Wiring Preparation and painting Testing Setting up and Making road legal.

Head gasket repairs, valve adjustments, camshaft timing, carb and SPICA fuel injection tuning, and driveshaft donut replacement are all explained. Experienced, hands-on guidance thatll keep you in the drivers seat.
