Asperger Syndrome and Long-Term Relationships: Amazon.co ...

ASPERGERS SYNDROME - LONG TERM PROGNOSIS. Persons with Aspergers syndrome appear to have normal life spans, but have an increased prevalence of comorbid issues such as depression, mood disorders, and obsessive-compulsive disorders. Being a developmental disorder, early diagnosis and intervention can minimize the delays in development for a child, which can have a very positive impact on long-term prognosis for Asperger's.
