This is what my menu consists of during my pre-contest phase; egg whites, shredded wheat, tuna, brown rice, mixed vegetables, chicken breasts, steak, and yams. Occasionally, (once a week) I supplement with fresh fish, such as salmon, or haddock. The key to getting the diet right is the amounts of these foods.

Pre-contest Dieting: The Right Way! - Bodybuilding.com

Such as beef, chicken, turkey, fish, eggs, milk, protein shakes, rice, potatoes, pasta, fruit, vegetables, etc. I eat about 5-6 small meals each day. I drink plenty of water at least 1 gallon a day. I will also do about 30 minutes of cardio exercise 4-6 times each week, before breakfast.

Bodybuilding Pre-Contest Diet Plan - Lee Hayward

Then, at week 25, start a full-on contest prep diet. Rodrigue's favorite method is to eat more carbs on some days than on others—a method known as carbohydrate cycling. Carb cycling is the first of a 1-2 punch to lose body fat. Rodrigue's carb cycling recommendations for a 200-pound male at around 15-percent body fat calls for one high-carb day, two-medium carb days, and one low-carb day.

8 Dieting Tips For Your First Men's Physique Competition ...

This diet follows an alternating pattern of protein and carb intakes: three days without carbs, one day with carbs. During the days without carbs, 1 lb of either chicken or red beef is eaten per meal. Protein Sources. During the off-season, chicken is the primary source of protein for this diet. During contest preparation, add lean red meat as well.

Bodybuilding competition is NOT for the individual who just completed their “ Biggest Loser ” program. It ’ s also not a reward for the individual who has only lifted for one month and feels they are ready to be a “ real ” bodybuilder. It is “ crucial ” that your physique actually be ready for the stage—for a real show.

Preparing for a Bodybuilding Show: A Comprehensive Breakdown

Introduction to Competition Dieting You must take your hat off to bodybuilders who successfully maintain and complete their pre-competition diet and training program. It is no small feat and requires scrupulous discipline and bodybuilders have often proven that they are some of the best and most knowledgeable dieters on the planet.

A Bodybuilder's Competition Diet Program - Muscle Coach ...

Most bodybuilders start their pre-contest diets at about 12 weeks out. However, the amount of time it takes to prepare for a competition depends on your body fat level to begin with. I ’ ve developed a pretty good system for figuring out exactly how long you ’ ll need to diet in order to come in for a perfect landing on the one day that counts.
