How to Brew Beer at Home - Homebrew 101 | Beer & Wine Guide

Homebrewing is the brewing of beer, mead, and ciders on a small scale for personal, non-commercial purposes. Supplies, such as kits and fermentation tanks, can be purchased locally at specialty stores or online. Alcohol has been brewed on the domestic level since its advent, thousands of years prior to its commercial production, although its legality has varied according to local regulation. In the United States, a permit is required to distill spirits such as moonshine.

Homebrewing - Wikipedia

So you want to learn how to brew beer, mead or cider at home? You've come to the right place. The American Homebrewers Association lays out the homebrewing process from ingredients and equipment down to step-by-step instructions and video tutorials.

How to Brew Beer at Home - Homebrewers Association

Beer brewing boils down to mixing a mash of malted grain (often barley) with hops and then fermenting it with lager or ale yeasts. There are two broad categories of beer yeast: ale and lager. The yeast you choose helps determine the brew you end up with. Lagers are light, crisp and golden; ales, darker and more alcoholic.

How to Brew Beer | Allrecipes

You don't need fancy gadgets, says John LaPolla, cofounder of Bitter & Esters, a home-brew shop in Brooklyn, who's been brewing since 1991 and still uses buckets. "Most people spend around \$200 on...
