The BSA S-Series of motorcycles, most commonly known as the BSA Sloper, were a series of motorcycles produced by the Birmingham Small Arms Company (BSA) from 1927 to 1935.. Launched in 1927, the 493cc overhead valve engine was slanted, and the motorcycle featured a saddle tank that enabled a low seating position, improving the centre of gravity and handling.

BSA Sloper - Wikipedia

BSA Sloper drive side, XP engine prefix denotes 1930. As the 1920s became the '30s, the Sloper's bright nickel finish was replaced by the newly-fashionable chrome. For 1930, a new frame with an I-section forged steel backbone was introduced, while the forks gained better friction damping.

BSA's Revolutionary 'Sloper' - The Sloper - a 1929 BSA .v.v

The Sloper's side-valve engine is a traditional British design of the period, with the crank supported in substantial roller and ball races, geared timing drive and oil carried in integral compartments in the front and rear of the crankcase.

Bsa Sloper in Motorcycle Engine Pistons, Rings & Piston .v.v

the BSA sloper is an amazing engine. just out of interest, you say your compression is great, did you recently service the engine, have the valves cleaned and where needed, ground and the shafts cleared to 6 thou? that really makes a nice difference on compression. starting this engine's a real joy. mind you, I've a cough that matches the sloper in tick over. funny but painful either way.

BSA Sloper - Enterprise

Owners with late model BSA's can easily identify the month and year of their machine as the factory adopted a dating system for frame and engine numbers for the 1969 season models. As with all previous BSA seasons the model year started after the factory shutdown in July so that 1969 models were those made from August 1968, through to July 1969.

Bsa Engine for sale in UK - 21 second hand Bsa Engines

Hey All, just a little info on the BSA Sloper engine I was going on about a few weeks ago, the type found on Ransomes mowers pre-Briggs. Mainly, Norton-Villiers aquired BSA in 1965 and as a result these little motors are more commonly known as a Villiers F-12. They're 120cc, side valve, all alloy and standard with an Amal 379 Carb and Wipac magneto.
