Read PDF Church History Volume Two From Pre Reformation To The Present Day The Rise And Growth Of The Church In Its Cultural Intellectual And Political Context

Church History, Volume One offers a unique contextual view of how the Christian church spread and grew from its development in the days of Jesus to the years leading up to the Reformation. Looking closely at the integral link between the history of the world and that of the church, Church History paints a portrait of God's people within its setting of times, cultures, and events that both influenced and were influenced by the church.

FEATURES: Maps, charts, and illustrations spanning the time from the first through the

Read PDF Church History Volume Two From Pre Reformation To The Present Day

thirteenth centuries. Overviews of the Roman, Greek, and Jewish worlds and how they developed or declined. Insights into the church's relationship to the Roman Empire, with glimpses into pagan attitudes toward Christians. Explanations of the role of art, architecture, literature, and philosophy—both sacred and secular—in the Church. Details on the major theological controversies of the periods. Each chapter also contains callout passages from Scripture to assist in understanding the narrative of the Church, even to the present day, as part of the greater narrative of the Bible. AUTHOR'S

Read PDF Church History Volume Two From Pre Reformation To The Present Day

PERSPECTIVE: Scholar and writer Everett Ferguson wrote this history of the church from the perspective that such a history is the story of the greatest movement and community the world has known. It's a human story of a divinely called people who wanted to live by a divine revelation. It's a story of how they succeeded and how they failed or fell short of their calling. From the Apostle Paul to the apologists and martyrs of the second century to Martin Luther, the historical figures detailed are people who have struggled with the meaning of the greatest event in history—the coming of the

Read PDF Church History Volume Two From Pre Reformation To The Present Day The Rise And Growth Of The Church In Its Cultural Intellect And Political Context

This fascinating introduction to early Christianity sets it in the broader context of the political, social, & economic developments in the wider world. Direct quotations from primary sources accompany the narrative.

In this small but thoughtful volume, a respected theologian and churchman opens up a theological approach to history.

Maps, charts, and diagrams, designed by a teacher who learned how hard it is to communicate in a visual world without visuals, provide visual aides for the teaching of church history from the sixteenth through eighteenth centuries.

So vast is the material to be controlled, digested and presented in the work of preparing a manual of Church History for the use of students in colleges, seminaries and universities or for the enlightened portion of the general public, the historian who undertakes the task is always confronted with

Read PDF Church History Volume Two From Pre Reformation To The Present Day

The problem of knowing what to leave out as non-essential details or events of secondary importance and what to include as matter of capital importance to an understanding of the story of the Church of Christ. He must carefully steer the course between the Scylla of the dry hard rocks of a lifeless series of dates and events and the Charybdis of the full flowing tide of a narrative too extensive for the student to master within the time allotted. For this reason, a really first class manual of Church history is rather rare. As a rule, authors include either too little or too much. Dom Poulet has

Read PDF Church History Volume Two From Pre Reformation To The Present Day

apparently hit upon the happy medium. The success attained by his manual is attested by the fact that since its first publication his manual has now reached its fourth edition in the French original. The work is the ripe fruit of many years teaching of the subject to ecclesiastical students, for whose use it is primarily intended, although for that reason it is no less suitable for either the college group or the cultivated public. Approach to the vast amount of material involved and the orientation of the student or reader is rendered easier by excellent synoptic and chronological tables.... The

Read PDF Church History Volume Two From Pre Reformation To The Present Day

The paramount requirements of a manual of instruction are clarity, conciseness and precision. To this ideal Dom Poulet has strictly adhered. He has set aside secondary details, without at the same time omitting anything of importance. The development of dogmas is given an important place. The theological quarrels and controversies are exposed exactly and amply. As would be expected from the pen of a Benedictine, the history of the liturgy receives due attention. The text of the two volumes is easy to read; the style sober, correct and elegant. - [?] Most Rev. Thomas K. Gorman,
