Computer
Edition

Confluence is more than a book: it's the confluence of three media resources: an illustrated textbook, a state-of-the-art CD-ROM, and up-to-the-minute web site. Computer Confluence goes beyond computer

Get Free Computer Concepts and explores the promise and problems of information

technology, how it affects people and society, and the future. Since 1994, thousands of students have been introduced to computers through the authors' unique

Get Free Computer

approach. After an illustrative introductory chapter on computer basics, the book covers such topics as: hardware and software basics, graphics, digital media, and software media, networking and telecommunication,

Get Free Computer

Security and risks,
and the internet and
world wide web. An
excellent reference
resource for anyone
interested in
computers and
computer concepts.

For introductory
courses in
computer concepts
often including
instruction in
