Claire is married to Ben, and they are totally perfect for each other. They live in a pretty house, but it is missing the one ‘Thing’ they can never have: a baby.

"Give this perfect blend of laugh-out-loud and heart-tugging moments to readers who like complicated, realistic relationships joyously rendered, like those from Jojo Moyes or Jill Mansell." -Booklist (Starred Review) From the author who brought you Dear Thing, Julie Cohen, comes After the Fall--a poignant, beautifully heartbreaking novel about what it means to be family, the ties that bind us, and the secrets that threaten to tear us apart. But each of the three women is keeping secrets from the others that threaten to destroy the lives they've come to know. Honor's secret threatens to rob her of the independence she's guarded ferociously for eighty years. Jo's secret could destroy the "normal" family life she's fought so hard to build and maintain. Lydia's secret could bring her love—or the loss of everything that matters most to her. One summer's day, grandmother, mother and daughter's secrets will be forced out in the open in a single dramatic moment that leaves them all asking: is there such a thing as second chances?

A truly out-of-this-world romance from Little Black Dress star Julie Cohen I, Philomena Desdemona Brown, do solemnly swear to forsake all romantic relationships... It's not like the vow, made by Fil and her three nerdy male best friends, seemed much of a big deal at the time. Frankly, Fil wouldn't know romance if it hit her in the face, and with her real love being her artist job at Girl from Mars, the comic whose heroine has never had a love interest, she doesn't exactly mind being relationship-free anyway. Until her world is rocked to its core when one of her long-standing quartet and Girl from Mars herself both unexpectedly fall in love. Is it time to give in to temptation and finally fall in love?

Eleanor Connor has written lots of steamy novels, but sadly her own life is more mundane. In fact, the nearest she's come to passion for ages is having to listen through the thin walls of her house as friend and neighbour Hugh seduces an endless stream of women. But then Eleanor has a one-night fling of her own, waking up alone, repentant, and as she later realises, pregnant. Desperate to find her missing lover, if only to tell him he's going to be a father, she enlists Hugh to help her search. But should she be looking closer to home to find out what it is she really needs?

Can you imagine keeping a secret so devastating, you couldn't even tell the people you love? Honor's secret threatens to rob her of the independence she's guarded ferociously for eighty years. Jo's secret could smash apart the 'normal' family life she's fought so hard to build. Lydia's could bring her love - or the loss of everything that matters to her. Grandmother, mother and daughter – three women whose lives are falling apart. But one summer's day, a single dramatic moment will force their secrets into the open. Can they save each other from falling? Readers of Jojo Moyes, Liane Moriarty and Lisa Jewell will love this surprising, moving story.
