Disaster Management In the United States, Executive Order 13407 is established as policy for the United States to have an effective, reliable, integrated, flexible, and comprehensive system to alert and warn the general public, which is called "Integrated Public Alert and Warning System (IPAWS) (FEMA, 2011).

~~Disaster Management | IWA Publishing~~

Origins of U.S. Emergency Management For more than two centuries, U.S. lawmakers have recognized the need for a federal government that helps its citizens in times of disaster. The most significant and earliest instance of such federal involvement occurred in 1803. That was the year when a series of fires swept through the port city of Portsmouth, New Hampshire.
