~~Employment Personality Test Answers~~

Employment assessment tests are becoming more popular as companies seek to filter out applicants in today's crowded market. You may have experienced one of these employment personality tests yourself after filling out an online job application. After entering information relevant to the job, you were asked to answer between 50 and 200 questions about yourself, many of which required you to agree or disagree with various statements that had little to do with the job you applied for.

~~How to Pass an Employment Assessment Test - Part 1~~

The program will select personality profile test questions whose answers either seemed bizarre or somehow compelling, and print those on the bottom for hiring managers to ask about during interviews. So, pay careful attention as you answer each question and make sure you have a good reason for choosing your answer and ideally a story or example to support it.

assessment, not a pre-employment assessment. It is an ipsative test, meaning scores are not normalized against other candidates. The results of the test only show the relative strengths of a single candidate, which means employers cannot directly compare the scores of two potential candidates. The DiSC is also not considered a valid predictor of job success.
