~~Setting GE Rotary limit switches Rev1 — JR Clancy~~

Setting GE Rotary Limit Switches. Adjust Limit. Drive the winch to the desired end of travel. Re-verify cam stack rotation (when the winch travels up, does the cam stack rotate clockwise or counterclockwise). Determine which side of the desired switch the limit cam must strike (i.e., if cam stack rotates clockwise when the winch travels down, and you are setting a down limit, the cam must actuate the down limit while moving in a clockwise direction).
