While far from being reliant upon Husserl, Heidegger locates in his reflection an inspiration guiding him to the theme that has persistently drawn his interest since his early years, which was the question of the significance of being (Dreyfus and Wrathall 49). To this regard, Phenomenology receives a new meaning in relation to Heidegger.

In 1991, when Wolin published a Derrida interview on Heidegger in the first edition of *The Heidegger Controversy*, Derrida argued that the interview was an intentionally malicious mistranslation, which was "demonstrably execrable" and "weak, simplistic, and compulsively aggressive". As French law requires the consent of an author to translations and this consent was not given, Derrida insisted that the interview not appear in any subsequent editions or reprints.
