A gripping history of outlaw motorcycle club culture from its beginnings to the present day. In a world where most of us roll over when confronted by the power of authority, the antihero figure of the outlaw biker stands beyond the crowd, a beacon of social freedom. By choosing to live outside of society ' s conventions, the one-percenter has the inner strength to act on his own convictions. Though most of us are too timid to venture into these outer margins of society, the one-percenter not only enters those margins—he stomps on them. In Hell on Wheels, avid motorcyclist Bill Hayes dives deep into the world of the outlaw motorcyclist, exploring legendary clubs like the Hells Angels, the Bandidos, the Outlaws, the Vagos, the Pagans, the Mongols, and many others, allowing the reader to peer into motorcycle club culture. Featuring both modern and historical photos, as well as a rare collection of club memorabilia found in no other publication, Hell on Wheels traces the roots and development of motorcycle club culture: its origins in the years following World War II;

the turbulent 1960s and the disco era; the transition of clubs from loose groups of hooligans to highly organized machines; and, more recently, the copious clashes with law enforcement amid the post-9/11 world of the Patriot Act. The one-percenter has become one of the most popular figures in outlaw culture, and Hell on Wheels is his story.

"Bill Hayes' Hell on Wheels is an illustrated history to many motorcycle clubs' histories, including the stories, slogans, insignias, characters, and conflicts that made each club what it is today"--

Overnight settlements, better known as "Hell on Wheels," sprang up as the transcontinental railroad crossed Nebraska and Wyoming. They brought opportunity not only for legitimate business but also for gamblers, land speculators, prostitutes, and thugs. Dick Kreck tells their stories along with the heroic individuals who managed, finally, to create permanent towns in the interior West.

A biography of the legendary professional football coach, known for his trademark fedora, who spent almost thirty years taking the Dallas Cowboys from punchline to NFL glory, ultimately delivering twenty consecutive winning seasons.

This valuable addition to the G.I. series is an illustrated guide to America's armored forces

from the use of prototypes tanks sputtering their way forward in 1918, to the complex technology of Operation Desert Storm. With detailed commentary by John P. Longellier, this book demonstrates just why these lethal troops were known as 'Hell on Wheels'.

A USA Today Bestseller! Black Knights Inc.—Behind the facade of their tricked-out motorcycle shop is an elite special ops team assigned the jobs too hot for anyone else to handle. Hold On Tight... Ex-Marine Nate "Ghost" Weller is an expert at keeping his cool—and his distance—which makes him one hell of a sniper. It's also how he keeps his feelings for Ali Morgan in check. Sweet, sexy Ali has always revved his engine, but she's his best friend's baby sister...and totally off limits. Rough Road Ahead Ali's never seen anything sexier than Nate Weller straddling his custom Harley—or the flash of danger in his eyes when she tells him she's in trouble. First something happened to her brother, and now she's become the target of a nasty international organization. With Nate, her life is in the most capable hands possible—but her heart is another story altogether. Black Knights Inc. Series Hell on Wheels (Book 1) In Rides Trouble (Book 2) Rev It Up (Book 3) Thrill Ride (Book 4) Born Wild (Book 5) Hell for Leather (Book 6) Full Throttle (Book 7) Too Hard to Handle (Book 8) Wild Ride (Book 9 — coming April 2017!)

John Ernst Steinbeck Jr. has been called "a giant of American letters" . During his writing career, he authored 33 books, including 16 novels, six non-fiction books, and two collections of short stories. His magnum opus ' The Grapes of Wrath ' (1939), which epitomises the harrowing events of the Clutch Plague era, stirred widespread sympathy for the plight of

migrant workers. Many of Steinbeck's works are set in the Salinas Valley of his childhood and they frequently explore themes of fate and the injustices suffered by their everyman protagonists. Fashioned with rich symbolic structures, they convey archetypal qualities in enduring characters, winning for Steinbeck the 1962 Nobel Prize for Literature. The major works of Steinbeck are *In Dubious Battle*, *Of Mice and Men*, *The Grapes of Wrath*, *East of Eden*, *Travels with Charley*.

The definitive collection of first-hand accounts of the world's outlaw motorcycle gangs. Outlaw bikers consider themselves 'the last free people in society', unconstrained by the regulations that rule ordinary citizens. And they guard their privacy jealously. Drawing on 17 years of studying and participating in biker culture, Arthur Veno has compiled the ultimate collection of original biker writing. Here are insider accounts of landmark incidents in bike folklore, plus reprints of classic writing from biker-originated magazines, handouts, websites and books. Gangs featured include the Bandidos, Hells Angels, Henchmen MC, the Outlaws, the Mongols, Annihilators, the Diablos, Gypsy Jokers, the Rebels, the Straight Satans, and the Vagos. And with contributors such as Freewheelin' Frank (one-time secretary of Hells Angels), Edward Winterhalder (among the most powerful members of the Bandidos), and Sonny Barger (founder of the Hell's Angels). Also included are those rare accounts by outsiders that have managed successfully to 'look in' on the gangs: including Hunter S. Thompson in his 'Hell's Angels - A Strange and Terrible Modern Saga'; William Queen the undercover agent who infiltrated America's violent outlaw motorcycle gang the Mongols; and Daniel R. Wolf's account of riding with the Rebels.

The novel is based on the (fictional) "Everhard Manuscript" written by Avis Everhard which she hid and which was subsequently found centuries later. In addition, this novel has an introduction and series of (often lengthy) footnotes written from the perspective of scholar Anthony Meredith. Meredith writes from around 2600 AD or 419 B.O.M. (the Brotherhood of Man). Jack London thus writes at two levels, often having Meredith condescendingly correcting the errors of Everhard yet, at the same time, exposing the often incomplete understanding of this distant future perspective.
