HOUR OF THE BEES is at its heart a contemporary story, but the desert of New Mexico is steeped in magic that will keep readers on their toes--what is real and what is not? How are we to judge? These are the questions Eager places before us, on a bed of imagery so richly portrayed that the desert becomes a tangible force, another character unto itself.

HOUR OF THE BEES takes its young narrator and readers on a life-altering journey, as a summer on her dementia-stricken grandfather's arid sheep ranch puts her in touch with roots she didn't know she had and makes her see things from a new perspective: "I'm surprised, too -- this sounds nothing like me. Caring about my roots?"

Hour Of The Bees. Mysterious, moving and very beautiful, this is an unforgettable story about the meaning of time and the ties that bind a family. Babysitting her 1000-year-old grandfather isn't how Carolina wants to spend her last summer before junior high, because Grandpa Serge has dementia and is meaner than a rattler.

Bees seem to be following her around, but the drought means this is impossible. She must be imagining things. Yet when her grandfather chooses her as the subject for his stories - tales of a magical healing tree, a lake, and the grandmother she never knew - Carol sees glimmers of something special in what her parents dismiss as Serge's madness.

Hour of the Bees is as grand as the landscape it springs from, an ode to family and heritage but also to living fearlessly. Forget about the middle-grade designation; everyone who reads this will be touched, and quite possibly moved to re-secure their family ties. Dreamlike while also gritty and real, this is a gorgeous work of art.

~~Hour of the Bees | IndieBound.org~~

'Hour of the Bees' is a brilliantly assured debut novel that weaves magic and realism. Carol, has been dragged reluctantly to stay with her unknown Granddad, on his derelict ranch in the desert. Bees seem to follow her around, and the drought of her new setting is unbearable.
