At bedtime, a mother and child tell how much they love each other.

As her son grows up from little boy to adult man, a mother secretly rocks him each night as he sleeps.

New from the bestselling illustrator of I Love You Through and Through! Caroline Jayne Church and her loveable, huggable toddlers are back! A bestselling author and illustrator, Church's books have been enormously successful across all channels, but none of them have done better than her padded board books: I Love You Through and Through and How Do I Love You? Now Church brings us Good Night, I Love You--the quintessential get your children ready for bedtime book. With the charming illustrations that we have come to know and love and wonderful rhyming text, this book will no doubt be a success through and through.

When the day is at a close and sunset paints the sky, Mommy Owl comes swooping in, to sing her lullaby. A beautiful bedtime rhyme accented with a die-cut silver moon and glitter ending.

In the wake of her husband's abrupt and unexpected death, Jené Ray Barranco was suddenly forced to grapple with being a single mother to three grieving teenagers while feeling a deafening silence at the center of her relationship with God. To cope with her intense heartache, she began writing on a daily basis to create purpose from her pain. Good Night, I Love You compiles those thoughts, and explores with raw and honest prose the author's journey as a widow and shares what she has learned about grief, marriage, parenting, faith, living a meaningful life, and utter dependence on God. Here is a book that will speak to anyone who has ever loved a husband or wife or child.

More of a story than a collection of poetry, Love by Night will whisk you away from your world and into the dreamy romantic night. Love by Night begins with anxious hesitation and nervous attraction, grows into tender affection, blossoms into passionate love, delves deep into whimsical dreams, and finally builds an image of an idyllic future together, as the reader develops along with the two characters of this poetic story. Written as a conversation between two points of view in constant change and flux with each other, this book invites the reader into the conversation about the love that connects one person to another, but also all of us to each other. Through this written testament to the emotional journeys books can take us on, S. K. Williams breaks down stereotypes, sexism, relationship roles, and brings awareness to mental health, grief, anxiety, depression, how to move forward, how to love in a healthy way, and, most of all, how to love yourself when it feels impossible.

"A gentle reminder to children of just how much they are loved by their earthly parents--as well as their heavenly Father"--

It was a very long time ago, in a creaky old house, where my brother, sister and I would peer down the stairs through the banister and share with my parents that magical saying that was part tradition, part superstition, part love, protection and faith. We'd quietly shout that one long sentence that was all those things and more. "Night, I love ya, see ya in the mornin'," we'd say as if it were a single word, and wait for it to be repeated back to us before we could run off to climb into our beds and feel safe and warm. Now as a father, I share this magical saying with my son, as I watch him charge through life with the excitement and confidence that all he needs in this world is mommy and daddy and his best stuffy to loudly and boldly take on the world.
