International Relations Palmer Perkins

Contemporary international relations embrace the whole gamut of diplomatic history, international politics, international organization, international law and area studies. Writing about the contents of international relations, a few decades back, Palmer Perkins had said that the then international relations were a study of "the world community in transition."

Similarly, Palmer and Perkins express that international politics is essentially concerned with the relation of state system , while international relations includes all types of relationships between sovereign states. Therefore, international relation is wider, and international politics is narrower in scope. 2. DIFFERENCE IN THEIR OBJECTIVE :-
