The actual model number for the Mule 1000 was KAF450-B1. To my knowledge they were made in 1988 and a few leftovers were sold in 89 and 90, but still 88 models. The engine was loosely based on the EN450 (LTD 454) motorcycle. Parallel twin-which later became basically a Ninja 500 engine.

Instead of memorizing standard card meanings and spreads, readers are encouraged to use their own life experiences and knowledge to craft a personal understanding of the cards. Organized like a study guide, this book includes study goals, progress activities, and easy exercises for exploring the suits, court cards, major arcana, and a variety of reading techniques (reversals, dignities, timed readings, large spreads). Michelson also discusses the underlying structures and patterns in the Tarot and how various cards are related to astrology, numerology, psychology, and myth. Practical aspects of Tarot readingdifficult clients, readers block, good questions, and ethical issuesare also covered.

The Lily of Life: A Fairy Tale by The Crown Princess of Roumania. First published by Hodder & Stoughton, London; New York, 1913. "Graceful fancy, elevated sentiment, and simple but dignified expression ensure a high place among the fairy tales of the publishing year for the Queen of Roumania's charming work, The Lily of Life.... The merit of the telling is unusual, and it has the further advantage of being presented in an exceedingly handsome and artistic form. The coloured illustrations of Miss Helen Stratton show graceful drawing and fine gradations of tone. They are not merely a pictorial summary of the story, but genuine works of art, and a distinctive feature of the volume."-Scotsman
