Kathleen Fidler's classic story is set in the ancient Stone Age village of Skara Brae on Orkney. This is a fascinating and vividly portrayed story of life nearly 3,000 years ago. Kali and Brockan are in trouble. They have been using their stone axes to chip limpets off the rocks, but they've gone too far out and find themselves trapped by the tides. Then, an unexpected rescuer appears, a strange boy in a strange boat, carrying a strangely sharp axe of a type they have never seen before. Conflict arises as the village of Skara must decide what to do with the new ideas and practices that the boy brings. As a deadly storm threatens, the very survival of the village is in doubt. Step back into the Stone Age and learn about the daily life and rituals of the ancient village of Skara Brae in this compelling, fictional account of the famous Orkney settlement. Vivid descriptions and accurate historical details bring the village to life and make this an ideal choice for those studying the Stone Age curriculum.

To the dismay of his parents and friends, a prehistoric boy continually thinks of making things softer, warmer, and nicer, rather

Mastering Primary History introduces the primary history curriculum and helps trainees and teachers learn how to plan and teach inspiring lessons that make learning history irresistible. Topics covered include: · Current developments in history · History as an irresistible activity · History as a practical activity · Skills to develop in history · Promoting curiosity · Assessing children in history · Practical issues This guide includes examples of children's work, case studies, readings to reflect upon and reflective questions that all help to show students and teachers what is considered to be best and most innovative practice, and how they can use that knowledge in their own teaching to the greatest effect. The book draws on the experience of three leading professionals in primary history, Karin Doull, Christopher Russell and Alison Hales, to provide the essential guide to teaching history for all trainee primary teachers.

A boy befriends a young caveman in this modern children's classic of friendship and adventure. Barney isn't supposed to go near the chalk pit. His grandmother and sister both told him the edge could give way and he could fall in—but what else is he supposed to do on a miserable gray day? It's not long before Barney falls into the pit and bumps his head. But where he lands is more than an old garbage dump: It's a home. There's a little hut built out of discarded junk, and more surprisingly, there's a boy, about Barney's age, inside. He speaks in grunts instead of English, wears a rabbit-skin loincloth, has shaggy black hair, and might be named something that sounds like "Stig." Barney befriends him immediately. Together, Barney and Stig go on all sorts of adventures, building a chimney for Stig's hut, joining a foxhunt, stopping robbers, and catching a leopard escaped from the circus! Barney and Stig's escapades have been delighting children for more than fifty years, while addressing important topics such as
