```
mysql>. Add a new user and a new database named lportal. Give the user the privileges to access the database. It's important to grant the privileges even for the access from the science gateway. CREATE USER 'liferayadmin' IDENTIFIED BY 'fillWithYourPassword'; Query OK, 0 rows affected (0.00 sec) CREATE DATABASE lportal; Query OK, 1 row affected (0.00 sec) GRANT ALL PRIVILEGES ON lportal.*.
```

## ~~Configuring MySQL Database for liferay — esgf latest ...~~

To configure your Liferay portal with MySQL SGBD, follow these instructions : Downloading the jdbc Driver For MySQL, there is no need to download the jdbc driver. When Liferay detects you want to use MySQL, it will automatically include the driver (mysql.jar) in your \$TOMCAT\_HOME/lib/ext.

## ~~Liferay database configuration — Step by step tutorial ...~~

Understand the default MySQL configuration. Before running the commands shown on this page, you should load the Bitnami stack environment by executing the installdir/use\_APPNAME script (Linux and MacOS) or by clicking the shortcut in the Start Menu under "Start -> Bitnami APPNAME Stack -> Application console" (Windows).

## ~~Understand the default MySQL configuration~~

Once you save the configuration, Liferay will ask to restart the server to make the above changes in effect. Just press Ctrl+C from the tomcat (Liferay) console and allow some time to shut it down. The tomcat window will be disappeared on a successful shutdown. This is the last step in the Liferay 7 installation.

## ~~Liferay 7 installation — A step by step guide — Tech blog~~

The Liferay database user must therefore have permissions to read and write data. Install a JDBC Connector. The DXP bundle includes several open source JDBC connectors in the /lib/ext folder. Connectors for proprietary database, like Oracle or DB2 (see the table below), must be downloaded from the vendor.

## ~~Configuring a Database — Liferay Learn~~

This document is the expert installation and configuration guide to install Liferay Portal 4.x on top of supported ap- plication servers. For easy installation with Liferay bundled with an application server, please refer to Chapter 1:
