Lavishly illustrated with photographs of bygone days in the city and county of Limerick, highlighting buildings that have either vanished or are much changed, as well as aspects of social life that have changed much over the past 100 years such as shops, entertainment and transport.

For much of the 20th century, Catholics in Ireland spent significant amounts of time engaged in religious activities. This book documents their experience in Limerick city between the 1920s and 1960s, exploring the connections between that experience and the wider culture of an expanding and modernising urban environment.

S í le de Cl é ir discusses topics including ritual activities in many contexts: the church, the home, the school, the neighbourhood and the workplace. The supernatural belief underpinning these activities is also important, along with creative forms of resistance to the high levels of social control exercised by the clergy in this environment. De Cl é ir uses a combination of in-depth interviews and historical ethnographic sources to reconstruct the day-to-day religious experience of Limerick city people during the period studied. This material is enriched by ideas drawn from anthropological studies of religion, while perspectives from both history and ethnology also help to contextualise the discussion. With its unique focus on everyday experience, and combination of a traditional worldview with the modernising city of Limerick – all set against the backdrop of a newly-independent Ireland - Popular Catholicism in

20th-century Ireland presents a fascinating new perspective on 20th-century Irish social and religious history.

"Country Girl is Edna O'Brien's exquisite account of her dashing, barrier-busting, up-and-down life."--National Public Radio When Edna O'Brien's first novel, *The Country Girls*, was published in 1960, it so scandalized the O'Briens' local parish that the book was burned by its priest. O'Brien was undeterred and has since created a body of work that bears comparison with the best writing of the twentieth century. *Country Girl* brings us face-to-face with a life of high drama and contemplation. Starting with O'Brien's birth in a grand but deteriorating house in Ireland, her story moves through convent school to elopement, divorce, single-motherhood, the wild parties of the '60s in London, and encounters with Hollywood

giants, pop stars, and literary titans. There is love and unrequited love, and the glamour of trips to America as a celebrated writer and the guest of Jackie Onassis and Hillary Clinton. *Country Girl* is a rich and heady accounting of the events, people, emotions, and landscape that have imprinted upon and enhanced one lifetime.

Frank McCourt's glorious childhood memoir, *Angela's Ashes*, has been loved and celebrated by readers everywhere for its spirit, its wit and its profound humanity. A tale of redemption, in which storytelling itself is the source of salvation, it won the National Book Critics Circle Award, the Los Angeles Times Book Award and the Pulitzer Prize. Rarely has a book so swiftly found its place on the literary landscape. And now we have *'Tis*, the story of Frank's American journey from impoverished immigrant to brilliant teacher

and raconteur. Frank lands in New York at age nineteen, in the company of a priest he meets on the boat. He gets a job at the Biltmore Hotel, where he immediately encounters the vivid hierarchies of this "classless country," and then is drafted into the army and is sent to Germany to train dogs and type reports. It is Frank's incomparable voice -- his uncanny humor and his astonishing ear for dialogue -- that renders these experiences spellbinding. When Frank returns to America in 1953, he works on the docks, always resisting what everyone tells him, that men and women who have dreamed and toiled for years to get to America should "stick to their own kind" once they arrive. Somehow, Frank knows that he should be getting an education, and though he left school at fourteen, he talks his way into New York University. There, he falls in love with the quintessential Yankee, long-legged

and blonde, and tries to live his dream. But it is not until he starts to teach -- and to write -- that Frank finds his place in the world. The same vulnerable but invincible spirit that captured the hearts of readers in Angela's Ashes comes of age. As Malcolm Jones said in his Newsweek review of Angela's Ashes, "It is only the best storyteller who can so beguile his readers that he leaves them wanting more when he is done...and McCourt proves himself one of the very best." Frank McCourt's 'Tis is one of the most eagerly awaited books of our time, and it is a masterpiece.
