Developments in teleradiology are progressing at great speed. As a consequence, there is a need for a broad overview of the field. This first-ever book on teleradiology is presented in such a way that it should make it accessible to anyone, independent of their knowledge of technology. The text is designed to be used by all professionals, including radiologists, surgeons, nurses and allied health professionals, and computer scientists. In a very short time, driven by technical developments, the field of teleradiology has become too extensive to be covered by only a small number of experts. Therefore, Teleradiology has been written with chapter contributions from a host of renowned international authorities in teleradiology (see the Contents and the Contributors). This ensures that the subject matter focusing on recent advances in teleradiology is truly up to date. Our guiding hope during this task was that as editors of multiple chapters we could still write with a single voice and keep the content coherent and simple. We hope that the clarity of this book makes up for any limitations in its comp- hensiveness.

Japan's greatest seer, the blind prophet Hinoto, has foretold the end of the world. At the center of her prophecy is a young man named Kamui Shiro, who possesses startling psychic powers. Although Kamui's future seems to have been predetermined from his birth, he has a choice--save the earth, or destroy it.

German Disarmament After World War I examines the Allied disarmament of Germany and the challenges that such an enormous task presented to international efforts in enforcing the Treaty of Versailles. In the twenty-first century, disarmament remains a critical issue for the International community. This new book focuses on three key areas and lessons of Allied disarmament operations from 1920-31: the role and experience of international arms inspectors working amidst an embittered German populace the ramifications of the divergent disarmament priorities of the leaders of the disarmament coalition the effectiveness of united Allied policies backed by sanctions. These major issues are examined within the overall context of the assessment of Allied disarmament operations in Germany. While some historians perceive German disarmament as a failure, this book argues that arms inspectors successfully destroyed Germany's ability to pose a military threat to European security. This new study shows how the destructive legacy of war convinced the victorious nations, especially Britain and France, of the importance in minimizing German military strength. French post-war security concerns, however, were often faced with the unwillingness of Britain to enforce the totality of the military articles of the treaty. German obstruction also influenced Allied disarmament policies. German Disarmament After World War I examines the initial effectiveness of Allied disarmament efforts in Germany and explains how they ultimately disappeared through diverging conceptions of a post-war world. This book will be of great interest to all students of disarmament, the interwar period and of military history, modern European history and security studies.

An Incredibly Humorous Coloring book for Kids and Adults!

Day Bang is a 201-page book that teaches you how to pick up women during the day, primarily in a coffee shop, clothing store, bookstore, grocery store, subway, or on the street. It contains 51 openers, 23 long dialogue examples with commentary, and dozens of additional lines that teach by example. Day Bang includes... -The optimal day game mindset that leads to the most amount of success-An easy mental trick to prevent your brain from going into a flight-or-fight response when it's time to approach a woman you're attracted to-A detailed breakdown of how to use the "elderly opener," an easy style of approach that reliably starts conversations with women-2 ways to tell if a girl will be receptive to your approach-How to avoid the dreaded "interview vibe"-10 common mistakes guys make that hurt their chances of getting a number Day Bang shares tons of tips and real examples on having successful conversations. It teaches you... -How to use my bait system to get the girl engaged and interested in you-How to segue out of the initial opening topic into a more personal chat where you'll get to know the girl on a deeper level-How to take the interesting things you've done (your accomplishments, hobbies, and experiences) and morph them into bait hooks that gets the girl intrigued enough to want to go out with you-My "Galnuc" method to seamlessly get a girl's number-An easy hack at the end of your interactions that will reduce the chance of a flake and prime the girl for going out with you-Ways to open up a conversation on a girl who isn't giving you much to work with Day Bang goes into painstaking detail on how to approach women in a variety of common environments... -How to open a girl in coffee shops when she has a book, laptop, mp3 player, cell phone, research paper, crossword or Sudoku puzzle, or nothing at all-Two methods for approaching a girl on the street, depending on if she's moving or not, with a diagram to explain all the approach variations-How to approach in a retail store or mall environment, with openers to use on customers or sales clerks-How to approach in bookstores, with specific tips on how to customize your approaches in the cafe, magazine section, or general book aisles-How to meet women in public transportation, on both the bus and subway-How to meet women in grocery stores-How to approach girls in secondary venues like a beach, casino, concert, gym, hair salon, handicraft fair, museum, art show, park, public square, or wine festival Dozens of additional topics are logically organized into 12 chapters... -Preparation. How to reduce your approach anxiety-Opening. How to deliver your opener in a way that doesn't scare women away-Rambling. How to have conversations that make women interested in you-Closing. How to get a number in a way that reduces the chance she'll flake-The Coffee Shop. How to pick up in coffee shops and cafes-The Street. How to pick up outdoors-The Clothing Shop. How to pick up in retail shops, malls, and big box stores-The Bookstore. How to pick up in bookstores-Public Transportation. How to pick up in the bus, subway, or long distance transportation-The Grocery Store. How to pick up in grocery stores-Other Venues. How to pick up just about anywhere else women can be found-Putting It All Together. How to maximize your day game potential The lessons taught in this 75,000 word, no-fluff textbook will help you meet women during the day. If you need tips on what to do after getting her number, consult my other book Bang, which contains an A-to-Z banging strategy. Day Bang focuses exclusively on daytime approaching.

" An enraged elephant flips a car onto its roof. A lioness prises open the door of a terrified couple. A leopard helps itself to a family's picnic breakfast. A fleeing impala leaps through an open car window. A lion charges around inside a busy rest camp. A hyaena snatches a baby from a tent. A tourist takes a bath in a croc-infested dam...These are just a few of the 101 jaw-dropping sightings, scrapes and encounters in this collection of extraordinary true stories from the roads, camps, picnic sites and walking trails of South Africa's Kruger National Park, as told by the very people who experienced them. There are no game ranger tales here - each and every story happened to an ordinary Kruger visitor doing what over a million tourists do in this spectacular reserve each year." -- Back cover.
