investment

analysis. The

guiding

principle has

been to present

the material in

a framework that

is organized by

a central core

of consistent

fundamental

principles and

will introduce

Loose Leaf

Essentials to
major issues
currently of
concern to all
investors. In an
effort to link
theory to
practice, the
authors make
their approach
consistent with
that of the CFA
Institute. Many
features of this

Download Free Loose Leaf

text make it
consistent with
and relevant to
the CFA
curriculum. The
common unifying
theme is that
security markets
are nearly
efficient,
meaning that
most securities
are priced
appropriately

given their risk
and return
attributes.

Investments is
also organized
around several
important
themes: The
central theme is
the near-informa-
tional-
efficiency of
well-developed
security markets

and the general awareness that competitive markets do not offer "free lunches" to participants. A second theme is the risk-return trade-off. Also, this text places great emphasis on asset allocation.
