Your health records When you visit an NHS or social care service, information about you and the care you receive is recorded and stored in a health and care record. This is so people caring for you can make the best decisions about your care.

Your health records—NHS

Background: Artificial intelligence (AI) is a rapidly developing computer technology that has begun to be widely used in the medical field to improve the professional level and efficiency of clinical work, in addition to avoiding medical errors. In developing countries, the inequality between urban and rural health services is a serious problem, of which the shortage of qualified healthcare ...
