In an age when business models are marked by expansion and digital disruption, mergers and acquisitions (M&A) and spinoffs have become central to the strategies of most global companies. With their accelerated timelines and pervasive impacts on employees, including business travelers, these deals raise a host of challenges for human resources and global mobility functions.

Mergers and acquisitions - KPMG Global

In short, M&A transactions, in the context of a broader globalization wave, do contribute to companies thriving in this global landscape. More than just cash flows and new assets, business acquiring companies abroad acquire a history, local know-how, talent and best practices that, when properly integrated, can generate significant results for the benefit of all stakeholders involved.
