Assessment and Treatment of Non-Suicidal Self-Injury: A Clinical Perspective is the ideal primer for anyone who works with people who self-injure. Profiling who is affected as well as what their behaviour includes, the book explores the range of factors behind why people self-injure, from the influence of social media to the need for self-regulation, and offers recommendations for both assessment and outpatient treatment. Throughout, the book is permeated by profound respect for those who use self-injury in an attempt to live a good life, while conveying a deep understanding of the challenges that self-injury presents for family members and treatment professionals. It recognizes that the behaviour can spread in hospital wards or other institutional setting, introducing the concept of self-injury by proxy, and

assesses the range of therapies available, including CBT, MBT, ERGT and family therapy. Each chapter is complemented by clinical vignettes. Journeying to the Sothoii Wind Plain as a representative of the War God, Bahzell is selected to become the first hradani windrider in history, an honor that brings as much resentment as respect and a situation that is complicated by the plots of the goddess Shigu, the Queen of Hell, and her supporters and the romantic overtures of Baron Tellian's daughter.

Robert Edison Sandiford moved from Canada to his parents' native Barbados in 1996. He went for his wife and work and his new bride was a Bajan, and he had landed an editor's position at the leading daily newspaper. Yet his journey "Back Home" also led to a series of insightful and often poignant meditations on relationships, island life, and the decline of his father, diagnosed with Alzheimer's disease twelve years earlier. "Coming out of the Caribbean as these stories did, they could not have been written in any other time or place," says Sandiford in the Preface. Part travelogue, part memoir, *Sand for Snow: A Caribbean-Canadian Chronicle* is a thoughtful, revealing, and often humorous trip to a most unexpected destination. Praise for *Sand for Snow*

"This unpretentious, charming book reminds us of the power of observation and of reflection—clearly articulated." —Halifax Sunday Herald, Dec. 2004

"The book for me changed almost immediately into the classical immigration story, where it takes an incredible leap of faith (and not lunacy) to leave the known for the unknown: the familiarity of the country of his birth and the support systems — albeit regardless of the fact that they have failed him — to [Barbados] the country of his parents' birth, a country he knows only from visits and stories." —Groove, 2004

"Raised with a dual sensibility, Sandiford is able to see Barbadian society with unfamiliar, unglazed eyes, and report with frank yet discreet honesty its strengths and failings." —H. Nigel Thomas, Montreal Community Contact, 2004

"This book...makes me wish that I'd been much closer to my father. It makes me wish that he'd always been there for me or that I could have been there for him...." —Ricky Jordan

In his new environment, Sandiford ponders what it means to be Bajan, and what it means to be Canadian, and how best to reconcile the

two within himself.... What follows is part travelogue, part memoir, and an entertaining critique and celebration of island life and city life. *McGill News, Summer 2004* Sandiford's strength lies in provocative profiles.... *Montreal Gazette, 2004* Migration is one of the great themes of Caribbean writing.... But few narratives describe attempts by descendants of these 20th-century emigrants to return to the Caribbean of their parents. Sand for Snow is a thoughtful, modest, and quietly moving exploration of that reverse voyage. *Caribbean Beat, Jul/Aug 2004*

Relates the history of the tractor and shows the changes in design that have resulted in the diesel-powered giants of today.
