Numicon is an approach to teaching maths that helps your child to see connections between numbers. From Oxford University Press, it supports your child as they learn early maths skills in nursery and primary school. It is a multi-sensory way of learning, which means your child learns by seeing and feeling. Physical resources like the colourful Numicon Shapes are an important part of Numicon.

Numicon Teacher and Pupil Books | Primary School Resources

Intervention description. Numicon is a maths programme for children from Foundation Stage to KS2. Central to the programme are kits containing manipulable resources intended to help children understand mathematical concepts through concrete objects, such as counting pegs, shapes, number cards and spinners. Each kit comes with a teaching guide, and at-home kits providing homework activities can also be purchased.
