<p>When the show was first produced in 1960, at a time when transatlantic musical theatre was dominated by American productions, Oliver! already stood out for its overt Englishness. But in writing Oliver!, librettist and composer Lionel Bart had to reconcile the Englishness of his Dickensian source with the American qualities of the integrated book musical. To do so, he turned to the musical traditions that had defined his upbringing: English music hall, Cockney street singing, and East End Yiddish theatre. This book reconstructs the complicated biography of Bart's play, from its early inception as a pop musical inspired by a marketable image, through its evolution into a sincere Dickensian adaptation that would push English musical theatre to new dramatic heights. The book also addresses Oliver!'s phenomenal reception in its homeland, where audiences responded to the musical's Englishness with a nationalistic fervor. The musical, which has more than fulfilled its promise as one of the most popular English musicals of all time, remains one of the country's most significant shows. Author Marc Napolitano shows how Oliver!'s popularity has ultimately exerted a significant influence on two separate cultural trends. Firstly, Bart's adaptation forever impacted the culture text of Dickens's Oliver Twist; to this day, the general perception of the story and the innumerable allusions to the novel in popular media are colored heavily by the sights, scenes, sounds, and songs from the musical, and virtually every major adaptation of from the 1970s on has responded to Bart's work in some way. Secondly, Oliver! helped to move the English musical forward by establishing a post-war English musical tradition that would eventually pave the way for the global dominance of the West End musical in the 1980s. As such, Napolitano's book promises to be an important book for students and scholars in musical theatre studies as well as to general readers interested in the megamusical.</p>

<p>A wide variety of essays by colleagues and former students reflect Professor Strunk's particular role as music historian, teacher, and a pre-eminent musicologist. Donald Grout provides the introduction and outlines the problems confronting musicology today. Other essays are devoted to early Christian music, Renaissance music, early Italian opera, Arthur Mendel writes on ambiguities of the munsural system, Edward Lowinsky on Willaert's "Chromatic Duo," Joseph Kerman on Verdi, and Elliot Forbes on Beethoven. Originally published in 1958. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.</p>
