This guide was developed by a PADI Open Water Scuba Instructor and Master Diver Trainer for use in training police divers for the Washington State Department of Emergency Services. This course and the Guide was designed to be used by qualified instructors in conjunction with the training textbook "Emergency Service Diver - A Training Manual for Police & Rescue Divers", published by the California Investigative Academy. The Instructor's Guide book provides detailed information on course standards, requirements & prerequisites, equipment requirements, certification requirements, course schedule, academic modules, open water training modules, outlines, written test for students, and detailed appendix. Instructions and assistance are available separately for PADI Instructors wishing to obtain a Distinctive Specialty Instructor's rating in underwater crime scene investigation. With this rating, a qualified PADI instructor can certify students in this specialty.

John Triggerfish lost everything and decided to start a new life in paradise. It didn't quite work out that way, although the ladyboys were pretty interesting. This is his story about becoming a Padi diving professional and meeting all manner of characters on his travels around the wonderful Kingdom of Thailand. Then of course there's his relationship with all the women that he meets whilst cruising around the beaches and bars. That's pretty interesting/disturbing. Add in a few nutters from Blighty and some of the best diving on the planet, and you've probably got the funniest book about scuba ever written. 232 Bars is NOT for the faint hearted. Please don't bother to read if easily offended.

Well-travelled divers all acknowledge that the best diving in the world is found in the warm waters of tropical Bali. Bali is located in the famous "coral triangle," the center of the world's tropical marine diversity, and the island is blessed with a stunning variety of dive sites—shipwrecks, quiet black sand bays, crystalline hard coral reefs over bright white sand, lava ridges draped in gorgonians and soft coral, and current-swept pinnacles, swirling with fish. Diving Bali is a comprehensive diving guide covering all of Bali and its surrounding reefs. It presents in great detail some of the best dive sites in the tropical western Pacific. Our seasoned diver-authors have an aggregate half-century of experience exploring these waters, and each site receives thorough coverage, including detailed maps, color photos, and a full description of access, conditions, and facilities. This Bali diving guide features:

- Practicalities: Detailed travel information for every budget, including accommodations, transportation, prices, seasons, and dive operators.
- Information: Local history, diving lore, site conditions, and more than 50 maps.
- Photography: More than 100 color photographs by top photographers.

Moving to Whidbey Island, surrounded by the Pacific Ocean, I met Monte Merserve and this is where the first chapter begins. Since then I still teach ARC Swim Lessons to others, and became a PADI Swim Instructor teaching scuba diving for fifteen years. Since then I've been Scuba Diving around the world and meeting new friends in the World of waters. In this book I share stories of these underwater encounters both exciting and exhilarating. I also provided photos of these events, including my dive of a lifetime adventure in Antarctica. ~ Virginia Huerlin Long Cross (PADI #3271) ~
