Projecting X 2.0: How to Forecast Baseball Player Performance

The Boeing X-20 Dyna-Soar was a United States Air Force program to develop a spaceplane that could be used for a variety of military missions, including aerial reconnaissance, bombing, space rescue, satellite maintenance, and as a space interceptor to sabotage enemy satellites. The program ran from October 24, 1957 to December 10, 1963, cost US\$660 million, and was cancelled just after spacecraft construction had begun. Other spacecraft under development at the time, such as Mercury or Vostok, w

A Red X can be displayed on gantry signs above each lane or on large signs above the nearside (left hand) of the carriageway. It's illegal to drive in a lane closed by a Red X sign.

How to drive on a smart motorway - GOV.UK

Psychological projection is a defense mechanism in which the ego defends itself against unconscious impulses or qualities (both positive and negative) by denying their existence in themselves by attributing them to others. For example, a bully may project their own feelings of vulnerability onto the target. It incorporates blame shifting and can manifest as shame dumping.

Logacta Chart Soccer 20 by Greig Marshall — Kickstarter

"Project X" follows three seemingly anonymous high school seniors as they attempt to finally make a name for themselves. Their idea is innocent enough: let's throw a party that no one will forget... but nothing could prepare them for this party. Word spreads quickly as dreams are ruined, records are blemished and legends are born.
