Hotel Management and Operations, Fifth Edition provides a practical, up-to-date, and comprehensive approach to how professionals across the industry manage different departments within their operation. From the front office to finance, from marketing to housekeeping, this resource offers advanced theory played out in practical problems. Multidimensional case studies are a notable feature, with complex management problems portrayed from multiple viewpoints; "As I See It" and "Day in the Life" commentaries from new managers provide further real-world perspective. Covering the latest issues affecting the industry, this text gives students and professionals an up-to-date, dynamic learning resource.

The Building Maintenance Custodian (U.S.P.S.) Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: custodial and building maintenance; electricity and electronics; mechanical aptitude; supervision; and other related areas.

To maintain competitiveness in the emerging global economy, U.S. manufacturing must rise to new standards of product quality, responsiveness to customers, and process flexibility. This volume presents a concise and well-organized analysis of new research directions to achieve these goals. Five critical areas receive in-depth analysis of present practices, needed improvement, and research priorities: Advanced engineered materials that offer the prospect of better life-cycle performance and other gains. Equipment reliability and maintenance practices for better returns on capital investment. Rapid product realization techniques to speed delivery to the marketplace. Intelligent manufacturing control for improved reliability and greater precision. Building a workforce with the multidisciplinary skills needed for competitiveness. This sound and accessible analysis will be useful to manufacturing engineers and researchers, business executives, and economic and policy analysts.
