\*Pentecostal Currents in American Protestantism addresses the theme of encounter within the Protestant faith by exploring moments in which identities and boundaries have been established or challenged as the Pentecostal and charismatic movements have taken their place on the American religious scene. Examining topics as diverse as the animosity that marked Pentecostalism's encounter with the Holiness movement, the forms and results of engagement between Pentecostal missionaries and Protestant mission boards in China, and the response of Southern and American Baptists to the charismatic renewal, contributors show how the confluence of the mainstream with other streams brings about questioning, realignment, and change.\*
