What we're learning from writing "The Connected Company" The Connected Company Dave Gray

This year, with the publication of The Connected Company, Dave Gray has written an important book. Like Peter Senge's The Fifth Discipline, Gray has placed the idea of the organization as a learning and evolving organism at the center of an argument for how the effects of Internet culture and technology are changing the environment in which companies operate.

Amazon.com: The Connected Company (9781491919477): Gray ...

I really hope we begin to embrace "The Connected Company" not necessarily as Dave Gray has defined and outlined them here, but as a philosophy and hypothesis for further development and exploration by leaders, academics, consultants, professionals, and individuals. The connected company is here and we need to shape it.

Dave Gray, SVP Strategy, Dachis Group, is an author and management consultant who works with the world's leading companies to develop and execute winning strategies. His previous book, *Gamestorming* (O'Reilly), has sold more than 50,000 copies and has been translated into 14 languages.

The Connected Company : Dave Gray : 9781491919477

Becoming a connected company is more important than ever . In 2012, Dave Gray wrote *The Connected Company*. It was a powerful eye-opener for me and my career. The premise was that customers had become more connected and empowered through social media, giving them a newfound ability to disrupt business and brand when disappointed by products and services.
