Section 1. On the Process of Development in Ideas [33] IT is the characteristic of our minds to be ever engaged in passing judgment on the things which come before us. No sooner do we apprehend than we judge: we allow nothing to stand by itself: we compare, contrast, abstract, generalize, connect, adjust, classify: and we view all our knowledge in the associations with which these processes have invested it.

Newman Reader—Development of Christian Doctrine—Chapter 4
Race - Race - The history of the idea of race: Race as a categorizing term referring to human beings was first used in the English language in the late 16th century. Until the 18th century it had a generalized meaning similar to other classifying terms such as type, sort, or kind. Occasional literature of Shakespeare's time referred to a [race of saints] or [a race of bishops].

Race—The history of the idea of race | Britannica
However applied, the development idea always implies that there are lead runners who show the way to latecomers; it suggests that advancement is the result of planned action. Even without having economic growth in mind, whoever talks of development evokes notions of universality, progress and feasibility, showing that they are unable to escape Truman's influence.
