For Subject B, death is only one scream away...As war veteran Marcus Holt and the others struggle to escape Worthe's haunted village, they find themselves stalked by a new enemy. A paranoid psychotic, this demented soul hears voices in her head and is convinced that people are talking about her. Armed with her hatchet, she is determined to murder everyone in the village to silence them all. No matter how far they run, this maniacal spirit is always one step behind them, listening for the slightest sound... But this deadly specter isn't the only foe they must face. The sadistic Professor Worthe has set his eyes on one of the subjects, with orders to eliminate anyone who gets in the way. Marcus must find a way to save him at all costs. But he is exhausted, battered, having fought against the worst nightmares imaginable and suffering grievous injuries in every battle. Death is coming for Subject B and his friends. And this time he may be powerless to stop it...

Historian Victor Daniels never planned to devote his life to battling evil spirits, or tracking down a collection of cursed antiques unleashed by ruthless occultist Stefan Korzh. But after months of clashing with paranormal threats, he's developed a reputation as an investigator of the strange and bizarre. So when a rash of mysterious deaths strikes Victor's home state, an old friend reaches out to him for help. As Victor investigates the chilling mystery, he is shocked to discover that the victims all died by drowning... within the safety of their own homes. Another cursed antique has been unearthed, a ticket for a steamer ship that sank over a century ago. The worn scrap of paper is haunted by the vengeful ghost of a passenger, and it must gather the souls of the living to complete its final voyage. Before Victor can put a stop to the murderous spirit's killing spree, Stefan takes their blood feud to the next level, when he captures Victor's adopted son. Following the madman's trail to his sleepy hometown, deep in the Pennsylvania woods, Victor must confront his nemesis face to face. The final clash between good and evil has begun, and only one man can emerge victorious...

An experiment in terror pushed him to his limits. Now Subject B is fighting back. His name is Marcus Holt. He is a fighter, a survivor, and a decorated combat veteran. But to the sadistic Professor Abel Worthe, Marcus is known merely as Subject B -- a pawn in the scientist's inhumane experiments. Worthe is an expert in the study of death and fear. And he intends to push Marcus to the limits of human endurance.Trapped in the shadowy streets of a haunted village, Marcus and his young friend Alex must deal with a new threat: the ghost of a vicious murderer, who kills with a bloody mason's hammer. Their task is made even harder when two new subjects, a bickering couple, are added to their group, drawing the wrathful spirit right to them. As Marcus and the others struggle against this supernatural horror, Professor Worthe observes the psychological effects of their extreme terror. But Marcus Holt is a soldier. And he's not going down without a fight. Professor Worthe is about to learn that a caged animal is the most dangerous subject of all...

A knife flashes in the dark, on a brutal hunt for flesh and blood... Stefan Korzh continues to unleash his bloodthirsty collection onto an unsuspecting world. But as his past catches up with him, he discovers that there's a price to pay for his murderous desires. Death waits at his doorstep and it causes him to act in ways no one could have ever anticipated. Korzh's efforts are still going strong as haunted antiques continue to grip the world in their claws of terror. The latest is an eerily cold, silver class ring that drives its wearer into a frenzy for human flesh. A brutal urge to plunge a knife deep into innocent bystanders is overtaking the residents of Concord, New Hampshire, and no one is safe. An unlikely alliance is formed between Ariana Leckie and Victor Daniels on their hunt for Stefan and the collectibles. They're determined to bring an end to the misery he has caused, no matter the cost. But first, they have to address the threat growing in front of them. Meanwhile, Tom Crane is enjoying his life with a loving father figure, a caring girlfriend, and a growing list of friends by his side. But his life is thrown into chaos when an old acquaintance drags him into their quest for revenge. Trapped and alone, Tom must find a way to escape before he's too far gone. As their lives collide, they'll soon discover that vengeance exacts a heavy toll on both the living and the dead...

Es-marine Shane Ryan is a ghost hunter whose troubled past haunts him almost as much as the ghosts he encounters in the line of duty. He's the best. And his reward for excellence? The punishment of being in high demand for jobs to eradicate the worst kind of ghosts - the kind that kill. His latest assignment is an idyllic island setting with sunny skies, crystal blue ocean and a venerable old lighthouse that makes the scenery picture perfect ... except for the malevolent, murderous ghosts marring the living portrait. If Amy, the owner, wasn't Marie Lafontaine's cousin, Shane would have steered clear of Squirrel Island and its diabolical deal. But Detective Lafontaine is his do-or-die friend. He'd do anything for her. Even face Dorothy, the undead Evliena who kills anyone invading her unholy domain. Add two shipwrecked couples to the mix and Shane has more trouble than he wants to handle. Shane's mission is clear: rid the island of Dorothy and her band of undead while keeping his new charges alive. But how could he know that staying alive meant facing the worst evil ever imagined?
