3. Put savings in the name of the lower-rate taxpayer. If you're in a couple and one of you pays tax at a higher rate then, providing you trust each other, put non-ISA savings in the name of the lower taxpayer and you'll take home more, as the lower taxpayer gets a higher personal savings allowance.

Best place to save money: Your options - Money Saving Expert

Your short-term goals are things you plan to do in the next five years. This might involve a special holiday, or buying a car. Money for your short-term goals should go into a savings account. Investing money for a short time period isn't a good idea as you could make a loss. Your medium-term goals are things you plan to do in the next 5-10 years.

Expert testing, reviews and advice from Which?

By far, the least risky way (and probably the worst way) to invest your money is to put it in a savings account and allow it to collect interest. However, as is usually the case, low risk means low returns. The risk when putting your money into a savings account is negligible, and typically, there are little to no returns.

How to Invest Money: A Guide to Grow Your Wealth in 2020 ...

A trust is a legal arrangement where you give cash, property or investments to someone else so they can look after them for the benefit of a third person. So, for example, you could put some of your savings aside in a trust for your children. There are two important roles in any trust that you should understand before you read on.
